

Training Program To Prepare 'COSMETIC PRODUCT TRAINING'

DESCRIPTION OF THE TRAINING

These training programs are a great way to get- started with a new hobby for pleasure or making your hobby your business or for the sake of new profitable business. Participants of these training programs will have practical experience with their own hands. They will come to know trade secrets and formula secrets which may be used to start a highly profitable cosmetics industry or beauty business.

The making of cosmetics is as simple as making food. You don't need Food Science degree to make food & hence you don't need degree in Chemistry to make cosmetics. The formulas which will be shared in the training program are 'Commercially Proven' Marketable industrial formulas & not just Internet recipes which may or may not work

Participants will receive a wealth of important information on the basic raw materials that are used. In addition to the information published in this pack, InMc instructors will share several 'insider-secrets' that are not published in any of the InMc literature.
